Here are the schematics for our Pacific fleet.
Please hand them directly to ***Vice Admiral Ogata***.
I expect that this will allow us to immobilize the Republic's second fleet.
Roger that!
If he needs a draft of our subsequent actions,
please inform the Vice Admiral to visit me personally, as I am busy.

Sorry Himari,
but Hazakura Motoya's in a whole different league.
Hm, so he's an existence who can oppose those "monsters"...
I want him to be under my command...
People don't really like me...
Mm~
Problem is...
.....

You called?
チリン
ガチャ
I have a question...
?
Do you like me?

...Huh?
U-Um... The... meaning behind that question...
Answer me!
Do you like me?
Okay, I'll reword the question.
スッ
But I guess it didn't turn out right...
I thought I asked correctly in Japanese
スッ
Are you sexually attracted to me?

Eh?
Looking like this, I *know* I can grab fairly high ratings for my appearance!
I've even heard rumours that my photos have been secretly circulating amongst the soldiers!
I'm not sure if I'm popular, but...
...I'm going to inquire further.
Do you think I could be a sexy woman in the eyes of a healthy young man?

I'll...
give you a piece of *juicy intel*
スッ
P-Panties... you said?
don't wear panties due to specific hygiene.
I...
That's right!
ニコッ
I haven't worn anything down there for almost two years!
Note: It's argued that panties may cause discomfort and accumulate germs over time

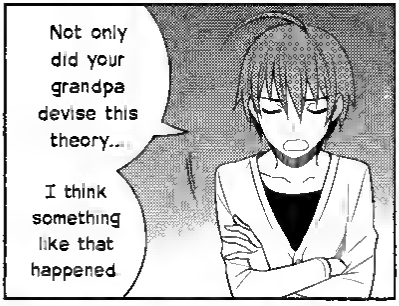
...Yeah, I'm surprised as well.

To think that such a thing is possible...
Deliberate time travel...



Not only did your grandpa devise this theory...
I think something like that happened.

Grandpa heading to another time period...

...Then,
are you saying that my grandpa disappeared with an entire army for the sake of time travel?

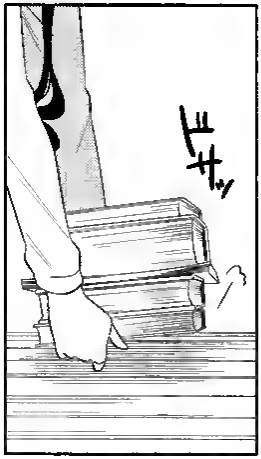
I wonder if grandpa went to the past...
Or could he have gone to the future..?

Yes!
And, of course, I'll help out!

I'm thinking of scavenging around a little more tomorrow, but...
What's your take on this?
...I wouldn't know.

Erm... These are probably related as well.

ナデ



ﾋﾔｯ

Ah, okay.
Okay, put them there.

The serious-looking Motoya's kinda cool too...
ドキドキ
I'm pretty sure Motoya will be both surprised and thrilled to know that I brought him a bentou!
Another 30 minutes until lunch, huh...?
Since there wouldn't be any AC in a secret room...
At any rate, it's rather hot, isn't it..?

But, since Motoya's doing his best,
I should do my best too!
!
Phew~

Ah..! Nothing! Erm...
What's wrong?
?
!
O-Oh yeah! Do you guys know where the tower is, right now?
Eh? But, I was sure Shiiba-san... said there was a way to find it...
Actually... we don't.

I'm forced to stay home everyday to care for my mother, who has been sick for over 15 years

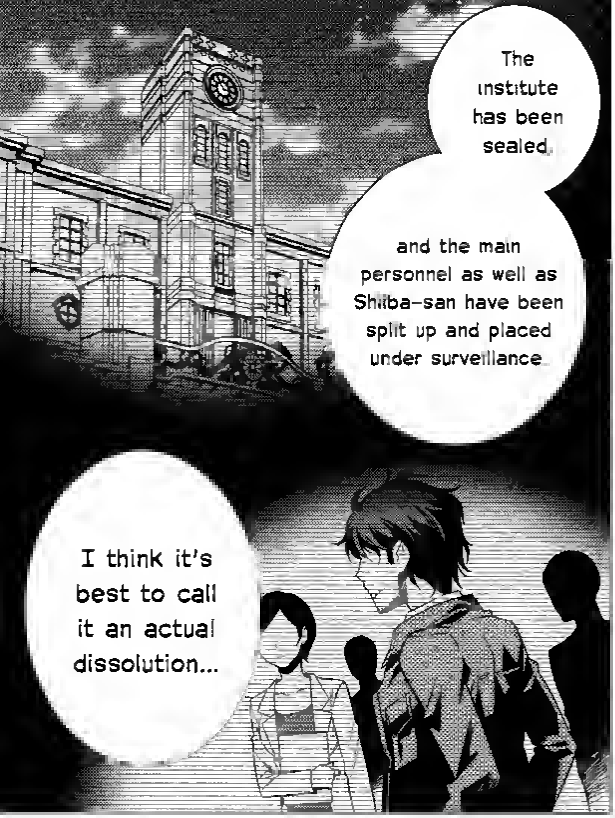
!?
What..!?

That is–

We no longer have the Hiwatari Device.

The Hiwatari Device got sealed!!?

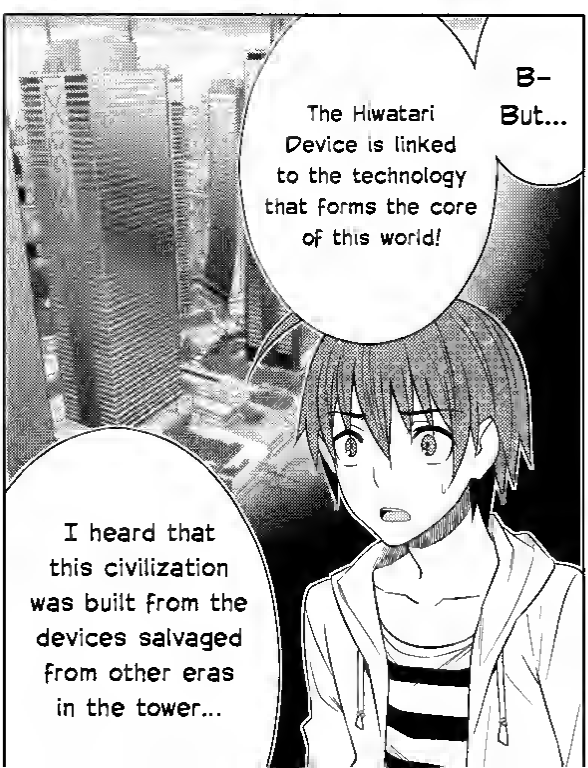


The institute has been sealed.
and the main personnel as well as Shiba-san have been split up and placed under surveillance.
I think it's best to call it an actual dissolution...

Yes,
it occurred two months ago

I don't know the specifics,
because, apparently, I've been asleep the whole time.

Asleep..?

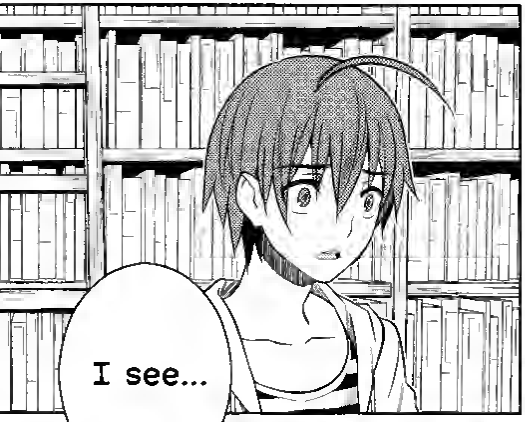


B-But...
The Hiwatari Device is linked to the technology that forms the core of this world!
I heard that this civilization was built from the devices salvaged from other eras in the tower...

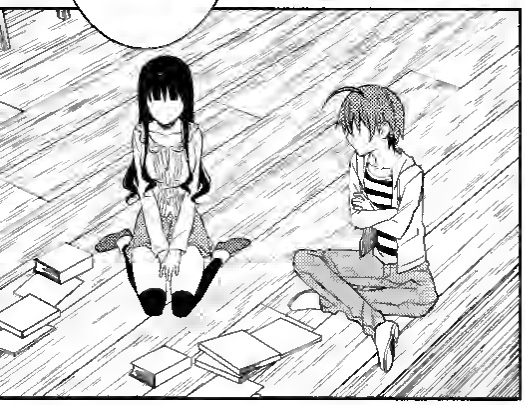
I was captured by that hostile organization and had my consciousness stolen from me by some drugs.
It seems the Hiwatari Device commenced a political battle behind the scenes with a secret society similar to ours, and was defeated.
Yes.
Such a thing...
はっ
はっ
Anyway,
I'm glad Captain Toujou survived!
T-That doesn't mean something weird happened to me though!
I'm only telling you to preserve my honour...

Nitori: How can you be so sure about your sanctity, Himari? What if future Motoya's going around banging every cute Himari?

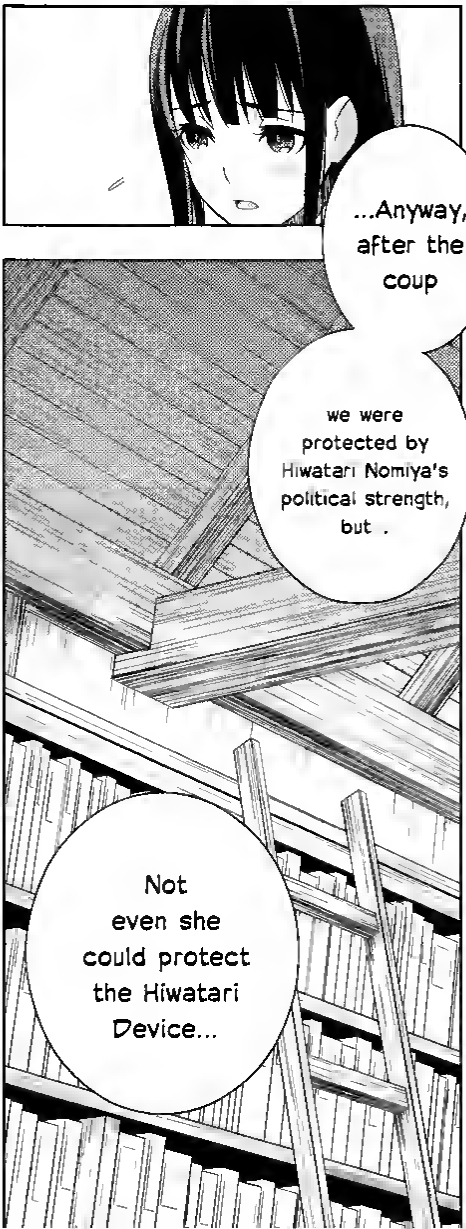
Thank you.
I'm also glad I could meet Motoya again.



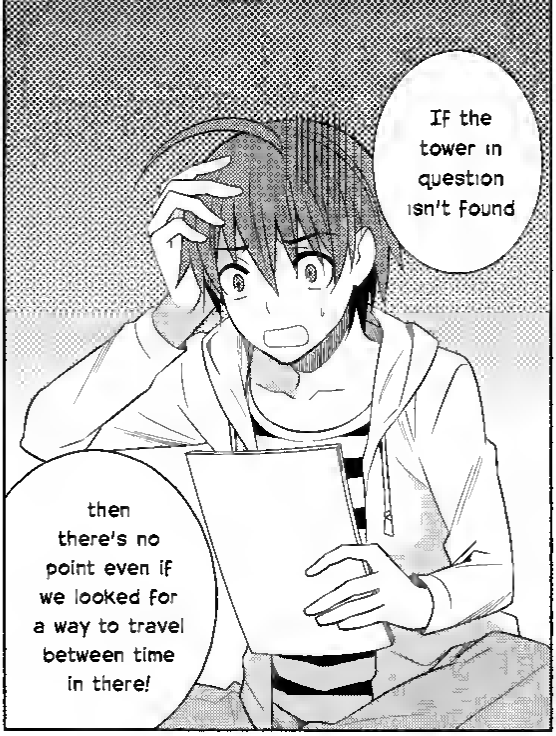
I see...



は,



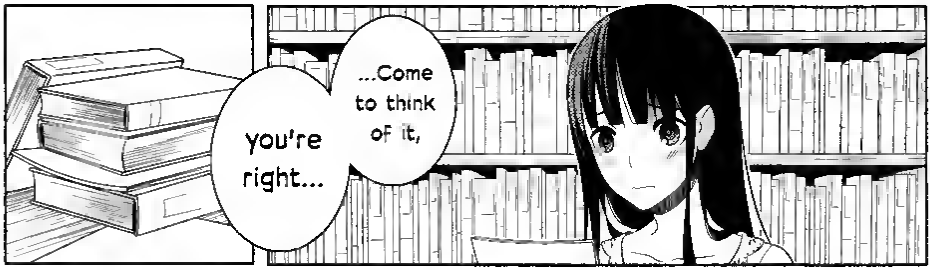
...Anyway, after the coup
we were protected by Hiwatari Nomiya's political strength, but .
Not even she could protect the Hiwatari Device...



If the tower in question isn't found
then there's no point even if we looked for a way to travel between time in there!

Ahh..! Crap..!

W-What's wrong?



...Come to think of it,
you're right...

Eh..!?
There was a phenomenon where the tower would be attracted to strong Link bearers.
...I just recalled!
Us showing up at the high school where we met you was *because* of your powerful Link Ability...
So, couldn't you summon the "tower" by utilizing it..?
Summon...
the tower..!?

I don't know. Let's try looking for it.!
WHERE!?
I'm certain something like that was detailed in my grandpa's researc-
